

Billiard Lighting 2026

 *Z-Lite*

Inspiring designs
since 1987

Z-Lite

Est. 1987

Over the past 39 years, Z-Lite, has established a reputation for providing the best in service and design to our customers in billiard and residential lighting.

Today, we are proud to present you with our 2026 Billiard Catalog, whether for the home, or a business, we trust that you will find inspiration in the following pages. At Z-Lite, our knowledge and expertise has allowed us to earn the trust of our customers daily, and we take pride in maintaining that trust. To our long-time customers and partners, we say “thank you”, and to our new customers, we look forward to earning your trust and your business well into the future.

Scott Zimmer
Founder / President

How to hang your Billiard Light

Pool table lights are a must-have whether you are a novice or a veteran. Our fixtures are designed to provide you with a well lit table. Properly hung pool table lights are just as essential as a level table and a straight cue.

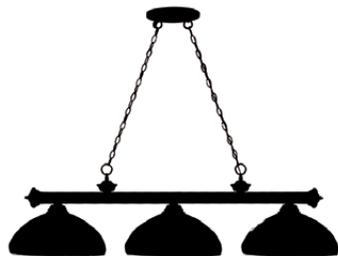

The Right Height for Pool Table Lights

Despite the fact that pool table lights are designed to provide optimal light for play, determining the proper height to hang them is imperative. If hung too low, they can be accidentally struck and if hung too high the lights will shine directly in a player's eyes.

- » Generally speaking, hanging billiard lights about 32"-36" above the bed of the table is about right, but here are some additional guidelines to determining the proper height to hang them.
- » The bottom fixture of the pool table lights should be level with the bridge of the player's nose.
- » Remember, the function of billiard lights is to illuminate the table, not the entire room. The edge of the field of light produced by the lights should line up with the edge of the table.
- » Always centre billiard lights.

Method of Hanging

We recommend hanging chain hung fixtures with the chains at more than a 45 degree angle (to the bar). Chains hung at less than a 45 degree angle can cause undue stress on loops and possible failure of such loops resulting in damage to the table. If your ceiling is too low for the chains to be at a 45 degree angle (to the bar), we recommend using swag hooks on the ceiling and swagging the chain/cord over to the power outlet.

Innovative Classics

Fresh is the word that describes these traditional fixtures as they capture the classic designs of the past in up-to-date materials and finishes.

Featuring: Vanguard

3050-3RB-RB15 page 5

Vanguard

Rubbed Brass

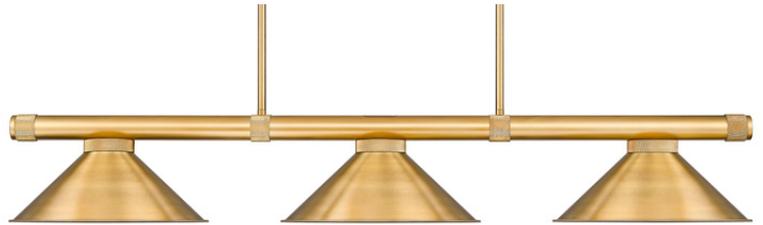

Bring a touch of luxury to the billiards room with the Vanguard three-light fixture. Thoughtfully crafted knurled details add distinction and elevate the aesthetic. Available in a choice of Brushed Nickel, Matte Black with Brass, & Rubbed Brass; fixtures can be paired with different shade options (see page 36).

Contemporary Refresh

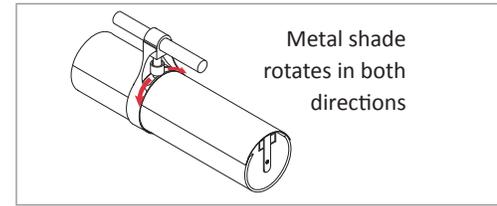

With modern form and modern function, these fixtures bring their A game to the table. Industrial feeling, farmhouse, and even coastal sensibilities, these lights incorporate bold style into today's most sought after trends.

Featuring: Benoit

1959-44L-MGLD-LED page 43

Benoit

With a nod to modernism, the Benoit collection features an adjustable, cable-suspended, light color selectable, dimmable LED luminaire with a clear reeded glass that can be rotated at will. This allows just the right amount of light to emit for the billiard table. Available in 44" or 54" lengths the finish options are Brushed Nickel, Matte Black, or Modern Gold.
