BEFORE YOU START

It is extremely important that these instructions are read carefully and any illustrations studied before commencing installation .
Please retain these instructions for future reference.

WARNING!

- Electricity can be dangerous.
- Do not attempt to fit installation unless you are competent.
- If in any doubt consult a qualified electrician to complete electrical installation.
- The lighting is for use in a normal dry domestic indoor environment.

Installation

- Take care when handling and installing to avoid damage to the product.
- Avoid mounting the fitting on a damp surface such as newly painted or plastered area as this may cause discoloration of the finish.

Tools

- Cross headed screwdriver

Cleaning Instructions and Care

- Take extra care when cleaning and assembling.
- Do not use any chemical or abrasive agents to clean the Fixture.

General Assembly

1. Attach the UL bracket to your UL socket using the 2 bracket's screws.

2. There two ways to fix this lamp:
A) Connect the plug with the socket directly.

B) Unassemble the extra cable and metal tube, seal the hole with silica gel plug. Then, the wall lamp attaches to the electrical box as normal.

3. Fix the back plate on the wall to hide the cable, fixings and power connection.

4. Remove the wrap from the shade. Install the shade with ring. Put the bulb into lampholder

Bulb Replacement

- 60w E12 bulb.
- Dispose of old bulbs with care.
